### District Grant Individual Final Project Report

Please complete this form online for your District Grants Committee Chair. **Do not** send this form directly to TRF.

Rotary Club: Beaverton (276)

Project Title: Uganda Agriculture Project

Report Type: ☐ Interim (Progress) Report ☒ Final Club Report

### Project Description

1. Describe the project. What was done, when, and where did project activities take place? If this is a progress report, what remains to be done?

This project will provide training and inputs to 210 subsistence-level women farmers in Northern Uganda to help them produce more food and a greater variety of vegetables and fruits for their families and earn a modest cash income. SAS will work with local councils and Ministry of Agriculture extension staff to select and train 30 women from each of seven villages in better farming methods and will provide inputs of seeds, cuttings, tree seedlings and tools. The model for this project has been used successfully in five previous years and has helped over 800 women farmers to grow more food for their families and earn modest cash incomes. Training and provision of planting materials that can be planted again in successive years ensure sustainability.

2. How many people benefited from this project?

## Completing the Income and Expense Form

- Download the Income and Expense form. The link for the form is at the bottom of the Final Report Form.
- The form **must be signed by the person completing the report.**
- Tips:** The income and expense sections **must balance**. The form has a line for recording **unspent budget**.
